

1. Click On Pine Editor
2. Select the little drop down
3. Create New => Indicator

You will see 6 lines of text appear. Delete them and paste the ProfitBox code in it's place.

4. Then Click: Add To Chart
5. Done!

Once your code is installed in the Pine editor, you will be able to use it on any chart your want in TradingView.

**Please note:** This is a personal use license. You cannot sell it or give it away.

If you have any questions, feel free to contact me by replying to the email.

Cheers,

Michel Sirois
